**Plantation is
a tribute to
our natural
environment, the
protection of our
natural forests,
and the use
of sustainably
harvested timber.**

The Plantation family of desking & tables in solid Oak, brings the natural beauty of timber inside the office, and blends it with modern manufacturing methods & materials to ensure longevity.

True to its origin in nature, Plantation can adapt easily, being suitable for individual or group space, focused or social. In fact, it is ideal for today's creative working environments, delivering a practical & thoughtful solution, supporting an array of working styles and configurations.

Modular components increase flexibility & reusability, while simplifying end-of-life strategies. Meanwhile, a minimal chassis structure maximises leg room, storage space and supports the addition of accessories & cable management, keeping the workspace tidy.
