+ Balance.

The Best in Mesh.

Creating the perfect chair requires balance.

A delightful synergy of function and modern ergonomics, the Balance seating range brings a touch of elegance and all-day comfort to any workplace. Designed to always be in contact with your body, each chair in the Balance range includes a form-fitting suspended mesh backrest and your choice of polyurethane leather seat cushions with washable covers.

From the simplicity of the Balance Cantilever to the premium inclusions found on the Balance Executive, the only thing missing from the Balance range is the luxury price tag.

Balance range includes Task, Project, Executive and Visitor.

Adapta Chairs and
Modulus Flip Tables.

+ Adapta.

Versatility & Style.

Engineered to be the ultimate “everywhere chair”, versatility was the driving principle behind the design of the Adapta range. At home in almost any office setting, the Adapta conforms to your body’s shape via a flexible and perforated backrest, a weight-specific tension-control tilt mechanism and reclining chassis.

Setting up and packing away is a breeze thanks to castors on each leg and a folding seat which allows groups of chairs to be nested for storage.

Available in black powder coat or chrome finish and customisable with optional tablet arms, the Adapta really is the Swiss Army Knife of office seating!

Adapta range includes Armless and with Arms, Chrome or Black Powdercoated Frame.

+ Urban Mesh.

Design & Ergonomics.

Versatile, stylish, and supremely comfortable - the Urban Mesh is solution for the ever-evolving workplace. With three distinct adjustment levers, you're able to control seat height, tilt, and backrest recline that effortlessly conform to the shape of your body. Completing the comfort-first design is a mesh-wrapped backrest and high-resistance molded foam cushion upholstered in either Motion or black Breathe fabric.

With armrests, a gas lift and chrome foot ring available as optional upgrades, it's time to get reacquainted with the Urban Mesh.

Urban Mesh range includes Armless, with Arms or with Drafting gas lift chrome foot ring.

+ Optic.

Contemporary Classic.

A versatile and stylish chair designed for the digital age; the Optic Chair is what happens when modern engineering meets all-day comfort. Whether in the boardroom, meeting room or office workstation, the Optic chair feels like part of the furniture.

Built on a reinforced black nylon star base with heavy-duty 60mm castors, the Optic Chair boasts an impressive 140kg weight rating and 10-year warranty. Height adjustment comes via gas lift while a tension adjustment controls the amount of recline. A high-resistance moulded foam cushion wrapped in Breathe fabric forms the seat while the backrest with adjustable lumbar support is made from a high-quality, dual-layer of mesh.

Vista Rise Barstool.

+ Vista.

The Complete Solution.

Introducing the Vista Seating range – a practical and versatile solution for any office setting. With four distinct models to choose from – Swivel, Glide, Pivot, and Rise – we've got your meeting rooms, breakout areas, and conference spaces sorted.

For those looking to maximize space efficiency, the Vista Glide is your go-to choice. Stackable up to 30 chairs high and linked via sled feet connectors, set up and pack down has never been faster or easier. Alternatively, when you need a bird's eye view of the office cafeteria, you're able to sit up tall with the Vista Rise.

A 360-degree range on both the Swivel and Pivot models means that you can easily turn your life around. Both chairs feature a contoured seat and backrest in your choice of upholstery colour. While the Pivot has four fixed legs, the Swivel comes with a sturdy nylon 5-star base and 60mm castors on each foot. Taking functionality a step further, the Swivel features padded armrests for additional comfort during long workdays.
