Urban Mesh Chair and Agile Fixed double sided desk w/ Studio50 screen.

Urban Mesh.

Seating Comfort, Built to Last.

The Urban Mesh chair is engineered for durability and adaptability, perfectly suited for high-usage environments.

It features three adjustable levers, allowing users to fine-tune seat height, tilt, and backrest recline to fit their body's needs. The chair is designed with a mesh backrest for breathability and a high-resistance molded foam cushion for support. Notably, it offers customisation through reupholstering in any fabric choice, alongside our standard breathable MotionFelt or black Breathe fabric options.

Optional upgrades include armrests, a gas lift, and a chrome foot ring, enhancing the Urban Mesh's functionality and comfort for any workplace setting.

Urban Mesh range includes Armless, with Arms or with Drafting gas lift chrome foot ring.

Scroll.

The Trend Setter.

Whether in the office, meeting room, or executive space, OLG's versatile Scroll chair is engineered for both comfort and a luxury aesthetic. A single piece of high-performance mesh forms the seat and backrest, while a polished alloy base provides both stability and that classic, minimalist look.

Exceptional comfort and adjustable features are the hallmark of the Scroll, with a simple lockable tilting function, wire control for height adjustment, tension adjustment for reclining, and contoured removable armrests.

Vista Rise Barstool.

Vista.

The Complete Solution.

Introducing the Vista Seating range – a practical and versatile solution for any office setting. With four distinct models to choose from – Swivel, Glide, Pivot, and Rise – we've got your meeting rooms, breakout areas, and conference spaces sorted.

For those looking to maximise space efficiency, the Vista Glide is your go-to choice. Stackable up to 30 chairs high and linked via sled feet connectors, set up and pack down has never been faster or easier. Alternatively, when you need a bird's eye view of the office cafeteria, you're able to sit up tall with the Vista Rise.

A 360-degree range on both the Swivel and Pivot models means that you can easily turn your life around. Both chairs feature a contoured seat and backrest in your choice of upholstery colour. While the Pivot has four fixed legs, the Swivel comes with a sturdy nylon 5-star base and 60mm castors on each foot. Taking functionality a step further, the Swivel features padded armrests for additional comfort during long workdays

4 Models to Choose from including the Vista Pivot, Vista Rise Barstool, Vista Swivel and Vista Glide.

Smooth chair and
Axis Meeting Table.

Smooth.

The Sleek Essential.

The Smooth chair is engineered for functionality and sleekness, making it a suitable addition to reception, staffroom, and breakout areas in educational and office environments.

It features a modern design with a slim profile, available with either a fixed powder-coated frame or a durable 4-point base equipped with 60mm castors for enhanced mobility, thanks to its 360-degree swivel capability. Constructed from form-fitting moulded polypropylene, the sled-style seat is practically upholstered in charcoal Yuna fabric, combining durability with a contemporary look.

Designed for straightforward, 5-minute assembly and backed by a 10-year warranty, the Smooth chair offers both practicality and reliability for everyday use.

Quick Assembly

1 Minute to assemble with no tools. Everything simply 'snaps' together.

Optic chair and
Axis desking.

Optic.

Engineered for Everyday Excellence.

The Optic Chair combines practical design with value, crafted for today's workspace needs.

It's built for durability and support, featuring a reinforced black nylon star base and robust 60mm castors, capable of supporting up to 140kg.

This chair is a reliable choice, offering a 10-year warranty for peace of mind. Functional features include height adjustment through a gas lift and customisable recline tension, ensuring ergonomic seating across boardrooms, meeting rooms, or individual workstations. Comfort isn't compromised, with a seat of high-resistance moulded foam covered in Breathe fabric and a dual-layer mesh backrest with adjustable lumbar support for all-day use.

Optic is available with or without arms.

Luna.

Retro Design.

An eclectic marriage of modern design and retro aesthetics, the Luna Collection is the stylish solution for foyers, informal zones and small meeting areas.

As a barstool, the Luna comprises of a four-leg, real oak timber frame with the option of a button-style upholstered seat or a polypropylene chair shell with cushion seat. As a chair, the Luna Castor features a powder coated black steel frame, castors, and a flexible polypropylene chair shell with cushion seat. All cushioned seat options come in your choice of Motion Felt fabric.

The Luna Range consists of the Oak Barstool and the complimentary Oak Button Barstool, as well as the Castor Base with Steel Legs.
