

Proflex Single Monitor Arm.

The ProFlex Single Monitor Arm is a strong and versatile solution for an ergonomic workspace, featuring a 10-year warranty and a weight rating of 1 - 18kg, compatible with monitors up to 49 inches. It allows effortless tilting (+45° to -45°), swiveling (180° with a lock feature), and rotating (360° for portrait and landscape). Made from stylish powder-coated aluminium and steel with modern polymer covers, it installs easily on new or existing workstations using a stable top fix clamp that won't damage surfaces.

Features

VESA mounting plate to suit multiple devices and brands
