Adapta.

Versatile Seating for Inspired Learning.

Designed with versatility in mind, the Adapta chair offers a space-efficient solution ideal for the educational sector.

Its design focuses on adaptability and comfort, featuring a flexible, perforated backrest and a mechanism that adjusts tilt tension to your weight, ensuring personalised support. The chair's ease of mobility is enhanced by castors on each leg, and its folding seat allows for efficient nesting and storage, making it perfect for classrooms where space is at a premium. With options for a black powder coat or chrome finish and the addition of a removable tablet arm, the Adapta chair is a practical, versatile seating choice for any educational setting.

Adapta

Product Range

Features

Versatile Design:
Ideal for education settings, collaborative workspaces, and conference rooms, adapting easily to various needs.

Smooth Mobility:
Equipped with Castors for easy movement, perfect for dynamic classroom or training setups.

Space-Saving Nesting:
Fold-up seat for easy storage.

Ergonomic Comfort:
Perforated backrest with a full 15° back recline and high-resistance moulded foam seat offer support for maximum comfort during long conferences.

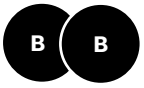

Durable Frame Options:
Black or chrome frame; removable arms, A3 tablet arm, and optional underseat basket.

Astral Executive

Executive Presence Meets Intelligent Comfort.

The Astral Executive Chair redefines executive elegance through a seamless fusion of minimalist design and precision engineering. Designed for boardrooms and premium office environments, it delivers understated sophistication while integrating advanced ergonomic intelligence.

Engineered for responsive comfort, Astral features dynamic lumbar support that adapts to your movements to promote healthy posture and reduce fatigue during extended seating. Its advanced tilt mechanism allows the backrest to recline up to 30°, with a smooth lock and unlock control via a conveniently positioned lever beneath the seat, including an initial position lock and 3-stage tilt range limitation for personalized recline support.

Astral Executive

Product Range

Features

Lumbar Support:
Dynamic lumbar support promotes healthy posture and reduces fatigue.

Easy Glide:
The 65mm oversized casters make the seat chassis more stable, allowing you to rotate the chair freely.

Certifications:
Industry recognised certifications, BIFMA, Green Guard Gold and a 160KG weight rating.

Seat and Arm Adjustment:
Seat up and down adjustment. Height adjustable (Range 70mm). Seat Depth Adjustment, the seat cushion can be adjusted by the left lever under the seat cushion (range 50mm).

Recline Mechanism:
The backrest can be locked and unlocked by turning the left lever under the seat assembly. The maximum tilt angle is 30°. and has the function of locking the initial angle and 3-stage angle range limit.

B Okamura Abilis

C Okamura Protone Smart

We believe quality is found in the accumulation of countless acts of thoughtfulness. Okamura office furniture radiates a sense of comfort and beauty because it is made with a devotion to the nuances of customer needs. Abilis and Portone Smart, illustrate global design excellence delivered by OLG as a registered distributor in NSW, VIC & the ACT.

Abilis.

Inspired by the fluid curves and balance of the natural world.

Abilis takes a progressive approach to defining the character of a modern office chair by seamlessly merging the lower back and armrests into one cohesive structure, an open loop shape is created that visually frames the seat. This way of integrating shapes gives Abilis its distinctive, dynamic and forward-looking design.

Designed in collaboration with ITO Design, a German design firm that has produced a variety of furniture designs and received numerous awards.

Abilis

Product Range

Features

Frame Structure:
Abilis uses hexagonal loop frames to reduce materials while delivering strong, reliable back support.

Award Winning:
GERMAN DESIGN AWARD 2026
reddot design award

Ergonomic Comfort:
Easily adjustable for each user ensuring comfort and support, through seat height, depth and headrest functionality.

Fewer parts, less impact:
Fewer components make the chair easier to dismantle and recycle, lowering environmental impact.

Adjustable Arms (3D Arms):
With a press of a button, Armrests can be adjusted in three dimensions. Height change through a 100mm (4") range, pads 50mm (2") angled up to 20° left & right.

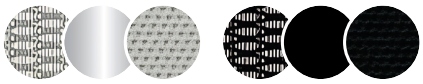

Reclining Tensions Adjustment:
Adjust the reclining tension by turning the dial beneath the seat clockwise to increase tension and anticlockwise to reduce it.

Looking to enhance comfort and support?

Add a headrest to your selected chair design to elevate ergonomics and user experience. Available with an estimated lead time of 10–12 weeks, this addition offers a refined upgrade that complements your workspace needs.

Portone Smart.

Design that flexibly supports your best posture.

Blending refined aesthetics with ergonomic intelligence, Portone Smarts' pliable frame moves naturally with the user while adjustable lumbar support reinforces healthy posture. Smart Fit Reclining automatically adapts tilt tension to body weight, delivering consistent comfort for a wide range of users.

A design born of Okamura's fascination with ergonomics that flexibly supports your best posture.

Portone Smart

Product Range

Features

Smart Fit Reclining:
The chair automatically adjusts the reclining tension to the sitter's weight, regardless of each person's unique physical differences.

Pliable Frame:
The backrest flexes with the motion of your body. The bend comfortably accommodates natural side-to-side movement.

Adjustable Arms (3D Arms):
With adjustable 3D Arms, respective movable ranges are 62mm for up and down, 15 degrees for inside, 15 degrees for outside, 40mm for back and forth.

Adjustable Lumbar Support:
The lumbar support easily adjusts to match your physical requirement. To adjust, simply grasp the lower ridge of the lumbar support and push up or down.

Adjustable Seat Height:
Enabling superior user comfort both the depth and height of the seat can be easily adjusted by operating levers underneath. Seat Depth adjustable 52mm /4 levels fixed. Height range 120mm.

Zipp.

Seamless Comfort, Streamlined Design.

The Zipp chair combines sleek European design with exceptional functionality, making it an ideal choice for modern offices and breakout spaces. Its durable black powder-coated frame, featuring a tear-drop leg shape, supports up to 140kg, ensuring long-lasting reliability. Designed for comfort, the Zipp chair includes 40mm foam padding in the seat and back, with optional fixed arms for added support.

Available in OLG Breathe and Sunday fabric ranges, with custom fabrics available upon request, it offers flexible upholstery options to suit any space. With a stackable design that allows up to six chairs to be stored together, the Zipp chair is perfect for flexible, multi-use areas. Greenguard and BIFMA accredited, and backed by a 10-year warranty, the Zipp chair is the versatile, stylish solution for dynamic workplaces.
