Rover® Range

by OLG.

Refine, Reconfigure, Rover.

Each piece in the Rover Range features large medical-grade castors for easy movement and reconfiguration, perfect for adaptable workspaces. Locking mechanisms keep the furniture stable once positioned. With multifunctional items like double-sided glass whiteboards, mobile TV cabinets, and credenzas, you can tailor the space to your needs. Real timber accents and acoustic panelling add a natural, calming touch, enhancing productivity.

The Rover Range combines mobility, style, and flexibility, offering a versatile solution for modern, collaborative work environments

Rover® Range

Product Details

Features

FSC-Certified Timber Frame:
Real timber accents from FSC-certified sources add a touch of nature to any space.

Acoustic & Pinnable Recycled Board:
Enhance your workplace acoustics with our recycled acoustic board panels with a high Noise Reduction Coefficient (NRC) rating of 0.35

Large Medical Grade Castors:
Experience effortless mobility with large medical-grade castors, designed for smooth, reliable movement and easy reconfiguration of spaces.

Aluminium Handles:
Benefit from the sleek durability of Aluminium handles, combining modern aesthetics with long-lasting performance.

Soft-close Hinges:
Enjoy a quieter, more refined user experience with soft-close hinges that prevent slamming and ensure smooth operation.

Adjustable Shelving:
Optimise your storage space with adjustable shelving, allowing for flexible organisation tailored to your needs.

How to configure.

Step 1 Choose your frame height

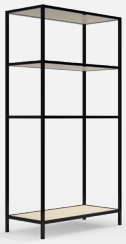

Select from four heights: 1234mm, 1617mm, 2000mm, or 2383mm.
Each frame is 840mm wide and 400mm deep.

1

1234mm

2

1617mm

3

2000mm

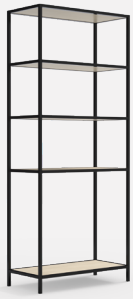

4

2383mm

Step 2 Choose your frame width

Configure your layout by adding frames side by side. Start with a single bay or scale up to suit your space, add 820mm for each additional bay. Each frame includes standard shelving.
